SPRING - FALL 1935

Wholesale Trade List Of Hardy Native Plants

I exert every effort to supply the very best stock that can be produced, and this year as never before I can supply you with better Seedlings-Perennials-Ferns and Shrubs than you have ever been able to buy at any time. I am very sure you will be pleased with any plants you will order from me, and solicit your orders on this basis. If you have in the past ever ordered seedlings from my section and found them unsatisfactory give me a trial order and I am sure you will re-order or for any other plants. To those who order car load lots of Rhododendrons-Kalmias-Leucothoes and azaleas I can supply as good clumps as you can get from any dealer here as I have had 25 years experience in plants and can get good experienced help to collect and load them as any one here in Pineola.

For any one who wants SEEDS of any kinds of plants that grow here, write me your requirements in them early, and I will be glad to collect them for you, and to the forists who get this list I will be glad to have your requirements in Evergreens and can furnish first class goods in them.

I will be glad to ship your orders using your tags if you so desire. A N. C. state certificate on every box, crate, car or package of plants. Shipping season starts about September 1st, for Fall and about March 1st in Spring as the weather permits. Prices F. O. B. as listed and prices are net 60 days with 2 per cent 10 days and 6 per cent interest on past due accounts with 6 per cent discount for cash with orders. If you would be interested in having plants delivered by TRUCK or TRUCKS let me know and I will be glad to figure with you to your city, just state what plants you would want delivered. If you want any larger Trees, Shrubs or any large plants of any kind write me your requirements in them stating kinds and sizes interested in.

BOX 62

PINEOLA, AVERY COUNTY, N. C.

N. R. A.

All plants to be good rooted and stocky and all clumps to be with good ball of earth and the Rhododendron, Carolinianum, Leucothoe, catesbaei, should be burlaped and I will burlap any 1-2 feet clumps for 4 cents extra, all other sizes at 6 cents extra. All prices are for plants crated or boxed and F. O. B. the car load prices are for plants loaded on car. Mixed car load prices as listed in this list.

Leaf mould fine for Orchis, Perennials, Ferns and other plants. This is from the best of wood dirt and is well supplied with acid that some plants must have to grow good.

In 25 to 100 lb. bags at 3 cents per lb., in lot of 200 to 500 lbs., at 2 cents per lb. Ton lots at 1½ cents lb. Log moss is an extra fine mulch for Rhododendrons, Leucothoes, Tsugas, Azaleas and other plants and is rich in acid and I will supply this at the following prices: 25 lb. bag for \$1.25; 50 lbs. for \$1.75 and at \$3.00 per 100 lbs. Please send cash with order for any of the leaf-mold and moss. All the above will be free from rocks and other trash, and F. O. B.

Rhododendron Maximum poles for rustic work fine to make Chairs, benches, tables etc., in sizes from ¼ to 6 inches diameter and from 1 to 8 feet long in crooked or straight lengths or mixed at \$4.00 per 100 lbs. State size and length and if straight or crooked poles wanted Willow poles ¼ to 1 inch diameter, and to 5 feet length for \$6.00 per 100 lbs. Cash with order only. Can supply other woods for rustic work, write me for any variety you have in mind that grows in this part of the U. S. A.

It will be to your interest to buy your seedlings from this list as I will supply good stocky plants and not trashy junk. I can supply a good many thousand of the varieties listed below.
